Mr. John Haldi
Graduate School of Business
Stanford University
Stanford, California

Dear John:

I am sending under separate cover the copies of P-1640 which you requested. It's really about time for Enthoven and Rowen to write a sequel to that paper: I wouldn't be surprised if their views had undergone significant changes.

Don't break your leg over Christmas! It will be good to see you again in January.

Yours,

Daniel Ellsberg
Economics Department
